

RCS Telephone Systems for Home & Small Business

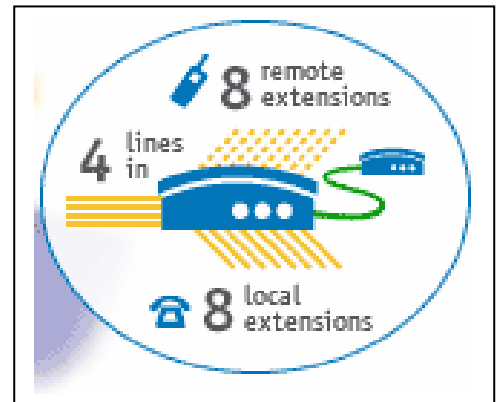

Why do you pay so much money to acquire a **EXPENSIVE** PBX telephone system and **EXTRA** Auto attendant module and Voice mail module?

Now RCS Have The Cost-Effective Solutions That Grow With Your Business:

- **Professional Image** – Auto Attendants, Voicemail, Call forwarding...
- **Scaleable** – Modular Expandable from 4 to 16 lines, 8 to 32 extension
- **Advanced Technology** – Download updated firmware & software
- **Integrated Extra Module** – 9 mode of Auto attendant, 26 Voice Mailboxes
- **Save Money** – Using existing phone extension and No extra module needed.

RCS Easyphone system has better feature as below:

- **4 lines in** - scaleable to **16 lines in**
- **8 local extensions** - scaleable to **32 local ext.**
- **8 remote extensions** - scaleable to **32 remote ext.**
- **9 Auto attendants** – 9 user configurable greeting messages
- **26 voice mailboxes**, voicemail memory expandable to 5 hours
- **Advanced PBX functionality** including call forwarding, transfer, intercom, call Hold w/music, call screen
- **"Dial by Name" Directory** – Allows callers to reach their extension immediately.
- **Remote Extensions, and Call Cascade** features allow you to seamlessly integrate up to 8 cell phones or remote extensions into your office environment
- **Low cost of investment** – Work with your existing regular phones, cordless phones, fax modem and answering machines. “ By using existing equipment, you can save money by not having to purchase proprietary equipment.
- **Call Screen** – Records a caller’s name, then plays it back to recipient who can either accept or redirect the call. “ Help you to screen for important clients.”
- **Call Hold** – Hold calls from any extension with music or advertising-on-hod.
- **Transfer** – Transfer calls to local or remote extensions, rings group or voicemail.
- **Mode Scheduling** – Handle incoming calls according to configurations that are based on time-of-day and day-of-week mode scheduling. It is there for you 24 hours a day !
- **Music on Hold** – you control what your clients hear – radio, CD’s, even custom message created by you.

Call us for **FREE On-site demonstration!** Using your existing phone equipment, **TEST It!!**
